

## **Health & Safety**

### **7.30.2020**

Present: Brian Smith, Bill Holman, Dr. Day, Amy Conway, Carolyn Shoemaker, Rachel Lyon, Craig Allen, David White, Jennifer Zimmer

Recap of previous night's meetings

- Important topics, how all safety guidelines impacts students with special needs
  - Cannot exclude student due to not wearing facemask (SPED)
  - Needs to be determined by Special Populations committee
    - Specifically, how to handle if student cannot wear a mask
    - Concern over legal documents - must be specific to students who have a formal plan (IEP/504)
    - Recommendation - "Accommodations for students with a 504/IEP/medical action plan will be met and considered on a case-by-case basis."
    - Paraprofessionals - Must have clear safety guidelines for working in a situation with a student w/o a mask
  - Clear mask protocols need to be created (many questions from community meeting)
  - Screening - How will this look
    - Is this an administrative decision?
    - Staff interact with each student... temperature checks not as meaningful
    - Would a staff member walk through the screening form?
    - If not, there needs to be language as to why it may increase risk & include all measures that are being taken...
    - Screening should include visitors
  - Recommended to break into small groups
- Send feedback to Bill concerning screening document

### **Next Meeting Time - Monday, August 3 (4:00 pm)**

Screening/Stay at Home - Bill Holman, Amy Conway, Craig Allen

Masks/Face Shields/SPED - Brian Smith, Dr. Day, Craig Allen, Rachel Lyon, Carolyn Shoemaker, Jennifer Zimmer, Bill Holman

- Need information on "why"
- Create guidelines (w/ provisions for SPED/504/Medical Plan)

Signage - Likely applies to both committees

Guidance for Protocols in the Classroom

- What will the teachers do?
- Remove personal items?

- Rachel will gather questions...

#### How to Handle Infection in School

- Dr. Day
