

Operations: Health & Safety

8.6.2020

Present: Brian Smith, Bill Holman, Craig Allen, David White, Amanda Camin, Rachel Lyon, Dr. Summer Day, Frank Petrie, Jennifer Zimmer, Charlie Gerke, Carolyn Shoemaker

PPE Update:

- MSD has in stock 2500 disposable masks; 58 gallons of hand sanitizer, 100 clear face shields, enough ¼" Plexiglas to fabricate 180 portable barriers for teachers and counselors and to do "custom" barriers in each office area (fabrication has started).
- Also ordered through the Idaho Rebounds "MGS" program an additional 2250 disposable masks, 225 cloth masks, 5400 pairs of gloves (m, l and xl sizes), and an additional 18 gallons of hand sanitizer.
- We have also ordered 200 16-oz squirt bottles for dispensing the hand sanitizer. The intent is to have one for every classroom teacher and office reception area. Custodians would refill these upon request.
- Requiring staff and students to provide their own masks. These additional masks are for back up and to supplement when a student is unable to provide a mask
- Face Shields are to be utilized with staff working closely with students presenting unique needs that require close proximity, etc. as well as students presenting symptoms connected to COVID
- Future need - laundry items such as gowns/lab coats will need to be addressed
 - MSD has the capability to utilize laundry bags. This can normally happen within a 24-hour period.
 - MSD has some disposable clothing covers, but has been utilized for custodial staff
 - 20 lab coats can be donated to help from community member/parent Jennifer Zimmer
 - More will need to be ordered...
 - Need to add gowns (non-disposable) to community outreach
 - A gown is defined as something made of cloth with anti-absorbent material on the inside, typically tie around back/waist.
 - Do we recommend wearing scrubs to paraprofessionals?

Documents to Send for Oversight Review

- **Mask Guidelines**
 - Need to change language to "gown" and not "robe" concerning the additional "PPE Guidelines" section
 - Asterisk to refer to specific athletics documentation for masks during sanctioned sports
- **Sick Guidelines**
 - Need to follow same guidelines for staff, students, any person entering the building

- The most up-to-date form to utilize and send is titled "HS_screening_exclusion_return" document
 - Make sure language at top matches language of mask document.
- One edit - need a statement "Department of Health will determine date it is safe to return to school" - specific to students exposed to COVID
- Add phone number for District 2 Health Department 208-799-3100
- Will include statement that applies to prior to all school-related activities
- ADD - "When in doubt, please keep your student home, notify the school, and check in with Canvas."
- **Screening Document**
 - Include - "When in doubt, please keep your student home, notify the school, and check in with Canvas."
 - Edit Student doc to ensure language is correct
 - Teacher Attestation Doc
 - To be further reviewed to encourage and ensure teachers have safe and clear protocols and guidelines to best make decisions to stay home
- **Social Distancing Guidelines**
 - Larger concern about distancing and exposure at middle and high school level
 - We must consider how exposure occurs with transitions, multiple classrooms, etc.
 - We must consider distancing limitations as well, especially at high school level.
 - Question - "maximize space between desks" - is this best language. Assigned seating must be in place.
 - Seating charts need to be collected (binder in office with rosters)
 - Should teachers have 6-foot parameter that is not to be entered by students...
- **Tasks**
 - The group is to review all material in "Communication/Guidelines" folder
 - The group is to review "Classroom Teacher Recommendation" document

Next Meeting

- **Monday, August 10 - 4:00 pm**
